

João Franco

Entrepreneur & Creative Technologist · Co-founder of BORA and unflat studio

Rio de Janeiro, Brazil · [+55 21 98041-5328](tel:+5521980415328) · jp.franconl@gmail.com · linkedin.com/in/jp-franco · bora.id · unflat.studio

■ SUMMARY

Entrepreneur and creative technologist from Rio de Janeiro. Co-founder of BORA and unflat studio, with 60+ projects delivered for brands like Meta, Netflix, Nubank and Itaú across 10 countries. I work from strategy to execution: business, design, code, media and video.

■ EXPERIENCE

BORA Co-founder & **CEO**

now

Brazilian startup for palm-based authentication and payments. As co-founder and CEO, I lead product, technology and business: from hardware to app, from thesis to operation.

unflat studio Co-founder & **Creative Technologist**

since 2022

unflat is a studio focused on art, technology and design. We explore, test and apply new media formats daily to create art installations and live marketing experiences at the same pace as emerging technologies. As co-founder, I lead new business and commercial strategy, from first contact to delivered project.

Vitulo & Co Creative **Technologist**

before

Creative technologist with 60+ projects delivered to clients across 10 countries and 4 continents, including Meta, Netflix, L'Oréal, Snap, Samsung, Amazon, Nubank, Brahma, Antarctica and Vivo. At Vitulo & Co, I developed innovative ideas and solutions alongside a team passionate about innovation, helping brands stay ahead in a constantly changing market.

L'Oréal Trade Marketing · **Maybelline & Colorama**

before

Trade marketing apprentice at Maybelline and Colorama: tracking sales numbers (sell in, sell out), managing inventory, building relationships with sellers and planning marketing actions at points of sale. My gateway into the world of brands, retail and results.

■ PROJECTS & PRODUCTS

Own products

BORA · Brazilian startup for palm-based authentication and payments. I'm co-founder and CEO.

CarnalInfo · The Rio Carnival app: find street parties, build your schedule and share the party. 10k+ users.

SplitMenu · Order, split and pay the bill right from the table tablet, no waiter and no calculator needed.

unrefs · A video effects library with curation, search and a creation panel for content creators.

Nektar · Nektar was a college beverage: an own brand created for the university party scene.

unflat studio · selected work
